

Stuart Consulting Group, Inc. (SCG) is a small consulting firm providing civil engineering, construction inspection, program/project management, and grant management services to our clients. SCG was founded in 2003 on the philosophy of client satisfaction and quality control. Our dedication to this philosophy enables SCG to provide services that meet our clients' needs within established schedules and budgets while exceeding their expectations with the final product. SCG firmly believes our strong focus on client satisfaction will always lead to quality results. That is why implementing high standards regardless of size or budget affords us the ability to stand by our motto:

**CLIENT FOCUSED, RESULTS DRIVEN.**

## WHAT MAKES US DIFFERENT

- Customized approach to fit project/client needs, not cookie-cutter
- Unique combination of technical (engineering) and grant funding expertise
